

Sugar Glider

“Trivivia”

Q. What is it? Is it a squirrel?

A. No, it's actually a marsupial (like a kangaroo!)

Q. Where are they from?

A. They are native to Australia and Indonesia.

Q. Do they fly?

A. No, but they can glide up to 150ft (like a flying squirrel).

Q. Do they bite?

A. Any animal can bite, but Sugar Gliders normally don't.

Q. What do they eat?

A. They eat fruits & veggies, and pellet food.
